

Discontinuation of CE marking

Regarding the subject

We Daito Mitech sorry for informing you of our decision

We have officially announced that Daito Mitech X-ray film processor shipped after November 2017 has no CE mark.

This is because As far as we know, our products are not delivered to European customers. Also recently EU committee has been requesting to locate Authorized Representative in Europe to keep the CE mark which need pretty cost which we cannot absorb.

For these two reasons we decided not to renew the CE Mark.

If you have any questions regarding this matter, please feel free to contact us via our contact page.

And as always, we will continue to do our best to provide you with top quality Japanese manufactured x-ray film processors at a competitive price for customer.

Kyoichi Takaishi
Director
Daito Mitech, Inc.
